DrivePro™ Body 30

Transcend's DrivePro Body 30 is a feature-packed body camera designed specifically for public safety professionals. With a twelve-hour battery life, IP67 rated environmental sealing, military-grade shock resistance, and a pre-event buffer, the DrivePro Body 30 is always ready for action. The Sony image sensor, high-quality lens, automatic infrared illumination, and six-axis image stabilization guarantee clear, high-definition evidence collection. Paired with Transcend's DrivePro Body App for iOS and Android smartphones, users can easily control the DrivePro Body 30, and manage videos and photos on the device.

Supports Bluetooth technology and Wi-Fi connection

- Pre-event buffer to capture the whole story
- Infrared LEDs for low light conditions and night vision
- 6-axis image stabilization technology
- Built-in twelve-hour battery for all day recording
- Exclusive DrivePro Body App for live streaming preview, file management, and camera configuration
- Convenient snapshot button to capture photos while recording
- Compliant with IP67 and U.S. military standards* to be dust-proof, waterproof, and shock resistant
- Stealth mode and vibration alerts
- Paired with Transcend's docking station for simultaneous data upload and charging (optional)
